

LXON-7

INVESTOR DECK · 01 VISION

Building the World's Premier AI Streaming Platform

LXON-7 is a dedicated streaming platform created exclusively for AI-generated entertainment — feature films, television series, documentaries, short films, and original programming.

Our mission: give AI creators a place to showcase their work, and give audiences a destination built for AI entertainment.

The Problem

AI filmmaking is growing fast — but creators face real barriers.

No dedicated platform

No leading streaming home built exclusively for AI-generated entertainment.

Distribution gap

AI creators struggle to find meaningful, focused distribution.

Lost in the crowd

General platforms mix every kind of content — discovery is hard.

No revenue path

Many talented creators lack ways to earn from their work.

A Dedicated Home for AI Entertainment

What creators can do on LXON-7:

- Stream AI-generated movies and series
- Reach audiences worldwide
- Earn royalties based on watch time
- Retain ownership under our licensing model (unless otherwise agreed)

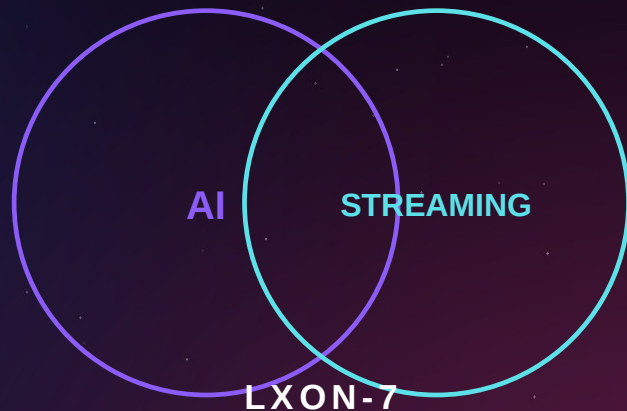

FOR VIEWERS

One destination focused entirely on high-quality AI entertainment.

A New Category, **Wide Open**

AI is transforming entertainment. The rise of AI filmmaking, plus the continued expansion of streaming, opens a major opportunity for a platform built exclusively for AI-generated content.

LXON-7 aims to be the premier destination for creators and audiences in this emerging market.

Diversified Revenue

Built for long-term growth and value for creators and investors.

Strategic partnerships

A Creator-First Approach

- **Worldwide distribution** Your work reaches a global audience from day one.
- **Performance-based royalties** Earn from real watch time, transparently.
- **You keep ownership** Rights retained under licensing, unless otherwise negotiated.
- **Growing exposure** Featured to an audience that values AI cinema.
- **Long-term partnership** Grow with LXON-7 as the platform scales.

Competitive Advantage

Dedicated exclusively to AI entertainment

Creator-focused royalty model

Curated AI film library

Early-mover in a fast-growing category

Built for AI filmmakers and AI audiences

How We Grow

- Recruit AI filmmakers worldwide
- Social media marketing
- Influencer collaborations
- Exclusive original content
- Strategic creator partnerships
- Film festival participation
- Referral & ambassador programs

Where Investment Goes

Capital accelerates growth by funding:

Platform development

Content acquisition

Marketing & acquisition

Creator partnerships

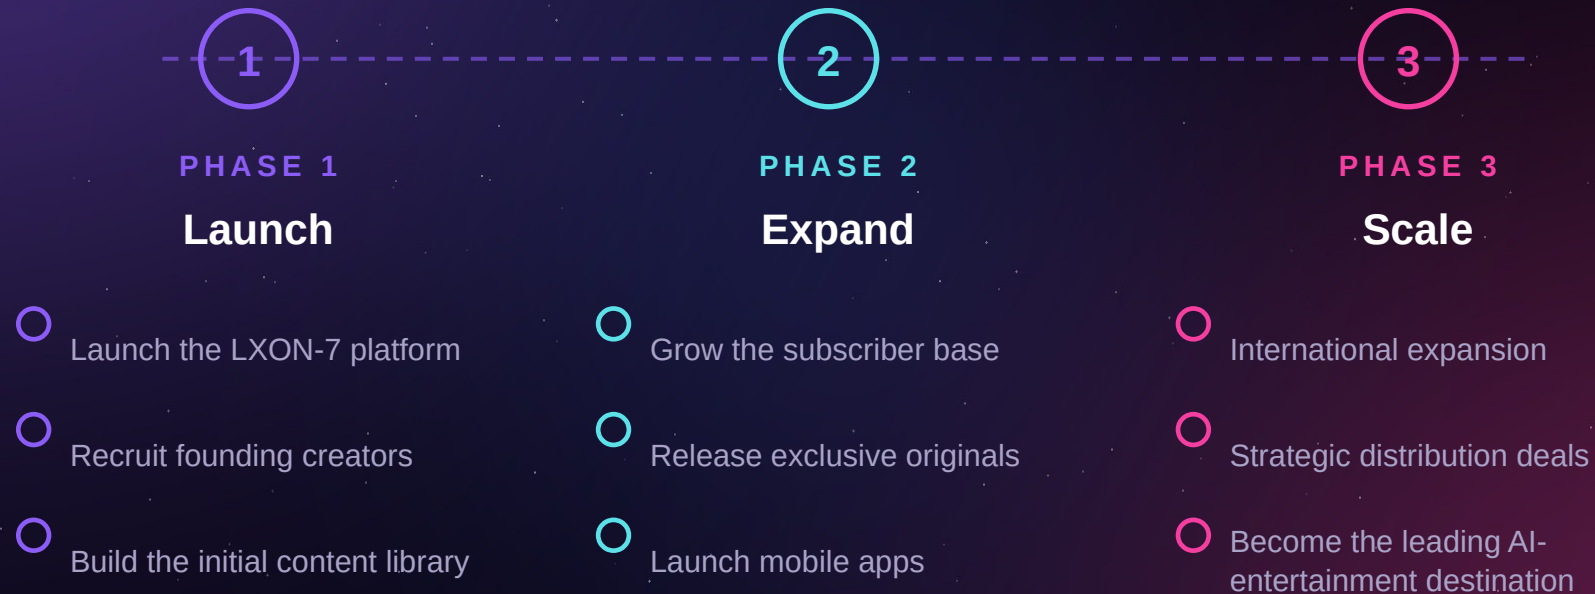

Staffing & operations

Technology
infrastructure

Objective: a scalable platform serving a global audience.

The Road Ahead

Leadership

King'Juma Malik

FOUNDER & CEO

King'Juma founded LXON-7 to build the world's first premier destination for AI-generated entertainment — empowering creators, building a thriving AI film ecosystem, and redefining digital storytelling.

12 · INVESTMENT OPPORTUNITY

Join us in shaping the future of entertainment.

LXON-7 is seeking strategic investment to accelerate platform development, creator acquisition, marketing, and expansion.

Together, we can build the world's leading streaming platform dedicated exclusively to AI entertainment.
